

## Some Recommended Games for U8 Players:

1) **Free Dribble**---Everyone with a ball, use inside, outside, and sole of the foot. Have players dribble with speed (outside of foot), change direction, and perform moves. Coach calls out moves or changes in direction and sets the pace as the manipulator of the session, kids carry the ball towards someone and try a move. *Version 2:* As players get comfortable, coach can walk around and put pressure on players as they are performing dribbling tasks. This adds fun and interaction.

2) **Knock Out**---In same space as previous activity, have players dribble balls while trying to knock other player's balls outside of the grid. Players can never leave their own ball. If their ball gets knocked out have them retrieve it quickly and get back into the game. (You may wish to have them perform a skills task before re-entering such as 10 toe touches or juggling 5 times).

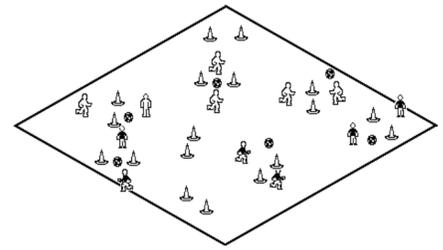

3) **Shield-Steal**---Half of players in the group have a ball and half do not. If you do not have a ball you need to steal one from someone who does. If ball goes out of bounds, person who touched it last does not get possession. You can teach players the technical points of shielding as a group at start of activity. Show technique with body sideways, arm providing protection, ball on outside foot, knees bent, turning as defender attacks, using feel to understand where defender is going. Fix technical shielding errors throughout this activity and make sure entire group knows how to properly shield.

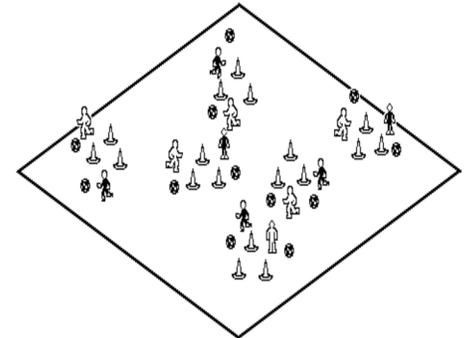

4) **Marbles**---Players are in pairs, each with a ball. This time instead of chasing each other, one player plays out his ball and the partner passes his own ball in an attempt to strike the ball his partner played out. Players should keep track of how many times they hit their partner's ball. *Version 2:* Once players understand this game, make it fast paced by having the players take turns at trying to hit each other's ball without ever stopping. If player 2 misses player 1's ball, then player 1 immediately runs to his own ball and tries to hit player 2's ball (player 2 does not get to touch his ball after missing player 1's ball). After player 1 has a chance, then player 2 immediately tries to hit player 1's ball right back. etc. etc. This game is continuous and players should keep score. Hint: If 2 balls are very close to each other a player should kick their ball hard at the other ball so when they hit it, it is more difficult for the other to hit their ball back.

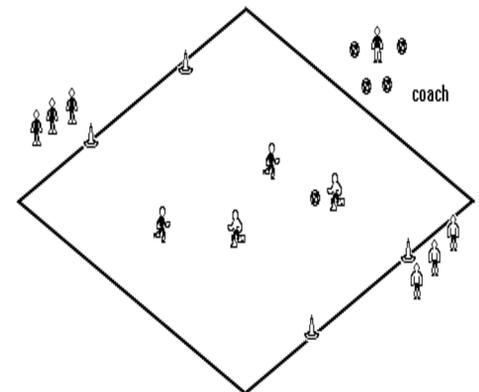

- 5) **Gates Passing**---Players are paired up and must successfully pass the ball through the cones to their teammate to earn a point. Players try to accumulate as many points as possible in the time allotted. Have players pass only with their left foot or right foot, or the outside of their foot.

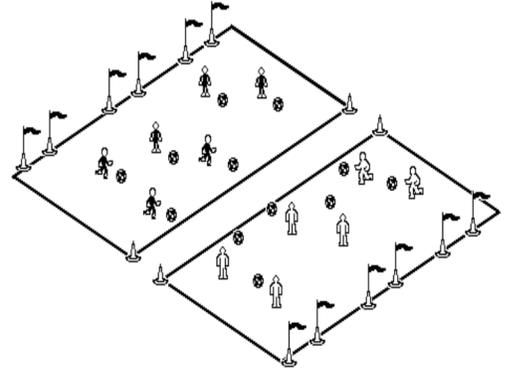

- 6) **Triangle Tag**---Set up cones in a triangle formation with each side of the triangle being roughly 1 yard long. Every triangle has a pair of players, each with a ball. Similar to the tag game, one player is being chased and one is "it". However this time the player who is "it" tags the player by kicking her ball and hitting the other player's ball or hitting the player below the knee. Players can dribble in either direction around the triangle and must stay close to their own triangle. Neither play can go through the triangle. *Version 2:* Allow the player being chased to go through the triangle. When in the triangle she is safe. However, after going through triangle, player must go completely around triangle before she can go through triangle again. She cannot stop inside the triangle. *Version 3:* Allow pairs to move from triangle to triangle (incorporates speed dribbling and traffic). If two pairs are at the same triangle at the same time that is fine, but players still only compete with their partner. Note: To increase difficulty, do not count hitting a player below the knee as a tag.

- 7) **Get Outta Here**---Place two small (2 yard) goals at the end of a field 15 x 10 yards. Place half of team behind each goal and coach stands at halfway line with all balls. When coach plays out a ball the first two players run out and try to score on each other's goal. If the ball goes in the goal or out of bounds, the coach yells "get outta here" and plays in a new ball immediately for the next two players. *Version 2:* Coach can stop yelling "get outta here" after a while and see if players recognize when balls go out and are attentive. *Version 3:* Coach can vary service of ball. Sometimes play it to one player, sometimes toss the ball up in the air. *Version 4:* Have the first two or three players from each group come out each time a new ball is played and play 2 vs. 2 or 3 vs. 3.

**8) Clean Your Backyard**--- Break group into two teams and have each team stay only on their half of the field. Place a 6 yard buffer zone between halves that no one can enter or cross. Each player needs a ball. Place three small (2-3yd) goals at the far end of each side of the field. Have both teams shoot balls at other team's goals in an attempt to score through anyone of the small goals (below knee height). Players cannot cross the buffer zone or go into the other half. Balls get recycled naturally in the game. This is a competition and teams need to keep score. Play 2 or 3 games and have teams re-strategize between each game. Teams can play defense though no hands. Only shots with laces count as goals.

**9) 2 vs. 1 keepaway**---In a grid 10x15 yds, three players play 2 vs. 1 continuous keepaway. Two attackers combine to keep the ball away from one defender. When the defender wins the ball, he or she immediately combines with the attacker he or she did not win the ball from and the attacker who lost the ball becomes the defender. Balls out of play are dribbled in or passed in.

**10) 1 vs. 1 to Endlines**---In a space that is wider than long (15 x 20 yds) each player defends one endline and attacks the other. Players score by dribbling the ball in control over the opposing player's endline. *Version 2:* You can make this 2 vs. 2, 3 vs. 3 or 4 vs. 4.
